TABLE OF CONTENTS

1 General

1.1 Introduction

Disclaimer: The Billing Instructions Form Locator information enclosed are for the use of paper claim submission only. For Electronic claim submission information, please utilize the Companion Guides found at www.kymmis.com under Companion Guides and EDI Guides.

These instructions are intended to assist persons filing claims for services provided to Kentucky (KY) Medicaid Members. Guidelines outlined pertain to the correct filing of claims and do not constitute a declaration of coverage or guarantee of payment.

Policy questions should be directed to the Department for Medicaid Services (DMS). Policies and regulations are outlined on the DMS website at:

https://chfs.ky.gov/agencies/dms/Pages/default.aspx

Fee and rate schedules are available on the DMS website at:

https://chfs.ky.gov/agencies/dms/Pages/feesrates.aspx

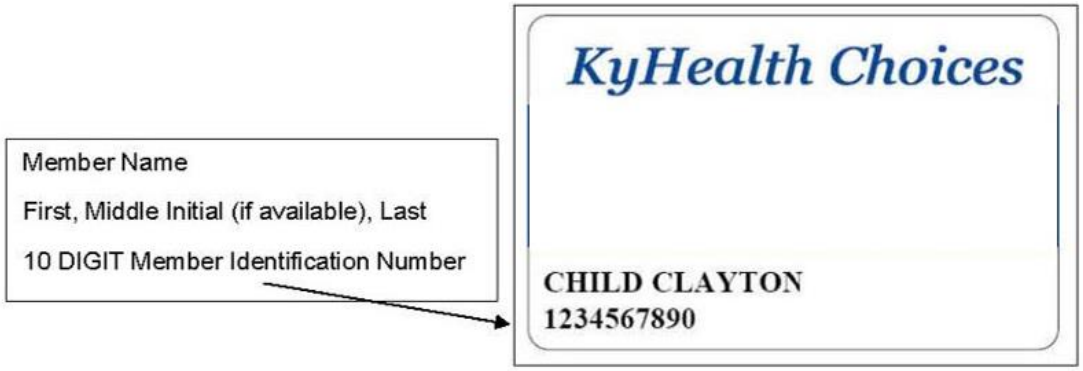
1.2 Member Eligibility

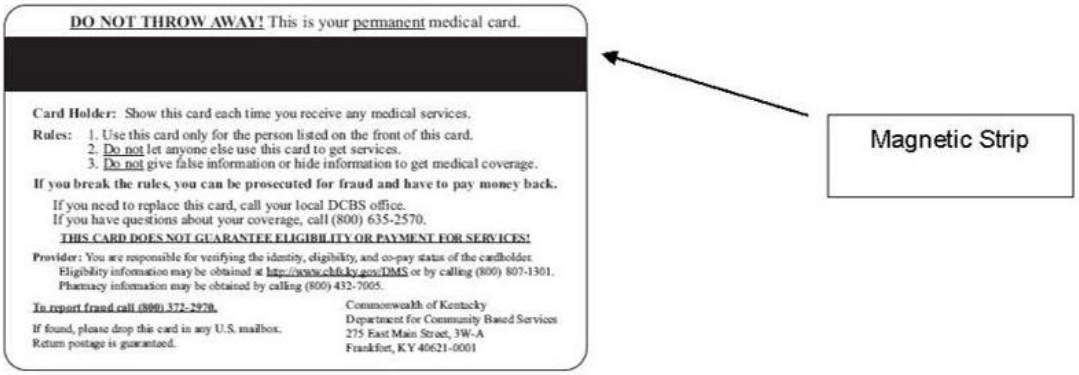
Members should apply for Medicaid eligibility through kynect (kyenroll.ky.gov) by phone at 1-855-4kynect (1-855-459-6328) or in person at their local Department for Community Based Services (DCBS) office. Members with questions or concerns can contact Member Services at 1-800-635-2570, Monday through Friday. This office is closed on holidays.

The primary identification for Medicaid-eligible members is the Kentucky Medicaid card. This is a permanent plastic card issued when the Member becomes eligible for Medicaid coverage. The name of the member and the member's Medicaid identification (ID) number are displayed on the card. The provider is responsible for checking identification and verifying eligibility before providing services.

Note: Payment cannot be made for services provided to ineligible members. Possession of a member identification card does not guarantee payment for all medical services.

1.2.1 Plastic Swipe KY Medicaid Card





Providers who wish to use the card's magnetic strip to access eligibility information may do so by contracting with one of several vendors.

1.2.2 Member Eligibility Categories

1.2.2.1 QMB and SLMB

Qualified Medicare Beneficiaries (QMB) and Specified Low-Income Medicare Beneficiaries (SLMB) are members who qualify for both Medicare and Medicaid. In some cases, Medicaid may be limited. QMB members have Medicare and full Medicaid coverage, as well. QMB-only members have Medicare, and Medicaid serves as a Medicare supplement only. A member with SLMB does not have Medicaid coverage; Kentucky Medicaid pays a "buy-in" premium for SLMB members to have Medicare but offers no claims coverage.

1.2.2.2 Managed Care Partnership

Medical benefits for persons whose care is overseen by a Managed Care Organization (MCO) are similar to those of Kentucky Medicaid, but billing procedures and coverage of some services may differ. Providers with MCO questions should contact the respective MCO provider services:

- Passport Health Plan (now known as Molina) at 1-800-578-0775
- WellCare of Kentucky at 1-877-389-9457
- Humana Healthy Horizons in Kentucky at 1-800-444-9137
- Anthem Blue Cross Blue Shield at 1-800-880-2583
- Aetna Better Health of KY at 1-855-300-5528
- United Health Care at 1-866-633-4449

1.2.2.3 KCHIP

The Kentucky Children's Health Insurance Program (KCHIP) provides coverage to children through age 18 who have no insurance and whose household income meets program guidelines. Children with KCHIP III are eligible for all Medicaid-covered services except Non-Emergency Transportation and Early Periodic Screening, Diagnosis, and Treatment (EPSDT) Special Services. Regular KCHIP children are eligible for all Medicaid-covered services.

For more information, access the KCHIP website at http://kidshealth.ky.gov/en/kchip.

1.2.2.4 Presumptive Eligibility

Presumptive Eligibility (PE) is a program that offers certain individuals and pregnant women temporary medical coverage. A treating physician or hospital may issue an Identification Notice to an individual if it is determined that the individual meets the criteria as described below. PE benefits are in effect up to 60 days from the date the Identification Notice is issued, or upon denial or issuance of Medicaid. The 60 days includes current month through end of the next month. This short-term program is intended to allow financially needy individuals to have access to medical services while they are completing the application process for full Medicaid benefits.

Reimbursement for services is different for presumptively eligible individuals depending on the method by which eligibility is granted. The two types of PE are as follows:

- PE for pregnant women

1.2.3 Verification of Member Eligibility

This section covers:

- Methods for verifying eligibility
- How to verify eligibility through an automated 800 number function
- How to use other proofs to determine eligibility
- What to do when a method of eligibility is not available

1.2.3.1 Obtaining Eligibility and Benefit Information

Eligibility and benefit information is available to providers via the following:

- Voice Response Eligibility Verification (VREV) available 24 hours/7 days a week at 1-800-807-1301
- KY HealthNet at https://home.kymmis.com
- The Department for Medicaid Services, Member Eligibility Branch at 1-800-635-2570, Monday through Friday, except holidays

1.2.3.1.1 Voice Response Eligibility Verification

Gainwell Technologies maintains a VREV system that provides member eligibility verification, as well as information regarding third party liability (TPL), Managed Care, PRO review, card issuance, co-pay, provider check write, and claim status.

The VREV system-generally processes calls in the following sequence:

1. Greet the caller and prompt for mandatory provider ID.
2. Prompt the caller to select the type of inquiry desired (eligibility, TPL, Managed Care, PRO review, card issuance, co-pay, provider check write, claim status, etc.).

3. Prompt the caller for the dates of service (enter four-digit year, for example, MMDDCCYY).
4. Respond by providing the appropriate information for the requested inquiry.
5. Prompt for another inquiry.
6. Conclude the call.

This system allows providers to take a shortcut to information. Users may key the appropriate responses (such as provider ID or member ID) as soon as each prompt begins. The number of inquiries is limited to five per call. The VREV spells the member name and announces the dates of service. Check amount data is accessed through the VREV voice menu. The Provider's last three check amounts are available.

1.2.3.1.2 KY HealthNet Online Member Verification

KY HealthNet online access can be obtained at https://home.kymmis.com. The KY HealthNet website is designed to provide real-time access to member information. Providers can download a User Manual to assist providers in system navigation. Providers with suggestions, comments, or questions should contact the Gainwell Electronic Claims Department at KY_EDI_Helpdesk@dxc.com or 1-800-205-4696.

All Member information is subject to Health Insurance Portability and Accountability Act (HIPAA) privacy and security provisions, and it is the responsibility of the provider and the provider's system administrator to ensure all persons with access understand the appropriate use of this data. It is suggested that providers establish office guidelines defining appropriate and inappropriate uses of this data.

4 General Billing Instructions for Paper Claim Forms

4.1 General Instructions

The Department for Medicaid Services is mandated by the Centers for Medicare and Medicaid Services (CMS) to use the appropriate form for the reimbursement of services. Claims may be submitted on paper or electronically.

4.2 Imaging

All paper claims are imaged, which means a digital photograph of the claim form is used during claims processing. This streamlines claims processing and provides efficient tools for claim resolution, inquiries, and attendant claim-related matters.

By following the guidelines below, providers can ensure claims are processed as they intend:

- USE BLACK INK ONLY
- Do not use glue
- Do not use more than one staple per claim
- Press hard to guarantee strong print density if the claim is not typed or computer generated
- Do not use white-out or shiny correction tape
- Do not send attachments smaller than the accompanying claim form

4.3 Optical Character Recognition

Optical Character Recognition (OCR) eliminates human intervention by sending the information on the claim directly to the processing system, bypassing data entry. OCR is used for computer generated or typed claims only. Information obtained mechanically during the imaging stage does not have to be manually typed, thus reducing claim processing time. Information on the claim must be contained within the fields using font 10 as the recommended font size in order for the text to be properly read by the scanner.

5 Additional Information and Forms

5.1 Claims with Dates of Service More than One Year Old

In accordance with federal regulations, claims must be received by Medicaid no more than 12 months from the date of service, or six months from the Medicare, Medicare Part C (Medicare Advantage), or other insurance payment date, whichever is later. "Received" is defined in 42 CFR 447.45 (d) (5) as "The date the agency received the claim as indicated by its date stamp on the claim."

Kentucky Medicaid includes the date received in the Internal Control Number (ICN). The ICN is a unique number assigned to each incoming claim and the claim's related documents during the data preparation process. Refer to Appendix A for more information about the ICN.

For claims more than 12 months old to be considered for processing, the provider must attach documentation showing timely receipt by DMS or Gainwell and documentation showing subsequent billing efforts, if any.

To process claims beyond the 12 month limit, you must attach to each claim form involved, a copy of a Claims in Process, Paid Claims, or Denied Claims section from the appropriate Remittance Statement no more than 12 months old, which verifies that the original claim was received within 12 months of the service date. Proof of timely filing documentation must show that the claim has been received and processed at least once every twelve month period from the service date.

Additional documentation that may be attached to claims for processing for possible payment is:

- A screen print from KY HealthNet verifying the eligibility issuance date and eligibility dates must be attached behind the claim
- A screen print from KY HealthNet verifying filing within 12 months from the date of service, such as the appropriate section of the Remittance Advice (RA) or from the Claims Inquiry Summary Page (accessed via the Main Menu's Claims Inquiry selection)
- A copy of the Medicare Explanation of Medicare Benefits received 12 months after service date but less than six months after the Medicare or Medicare Part C (Medicare Advantage) adjudication date
- A copy of the commercial insurance carrier's Explanation of Benefits (EOB) received 12 months after service date but less than six months after the commercial insurance carrier's adjudication date

5.2 Retroactive Eligibility (Back-Dated) Card

Aged claims for members whose eligibility for Medicaid is determined retroactively may be considered for payment if filed within one year from the eligibility issuance date. Claim submission must be within 12 months of the issuance date. A copy of the KY HealthNet card issuance screen must be attached behind the paper claim.

5.3 Unacceptable Documentation

Copies of previously submitted claim forms, providers' in-house records of claims submitted, or letters detailing filing dates are not acceptable documentation of timely billing. Attachments must prove the claim was received in a timely manner by Gainwell.

5.4 Third Party Coverage Information

5.4.1 Commercial Insurance Coverage (this does NOT include Medicare or Medicare Part C (Medicare Advantage))

When a claim is received for a member whose eligibility file indicates other health insurance is active and applicable for the dates of services, and no payment from other sources is entered on the Medicaid claim form, the claim is automatically denied unless documentation is attached.

5.4.2 Documentation that May Prevent a Claim from Being Denied for Other Coverage

The following forms of documentation prevent claims from being denied for other health insurance when attached to the claim.

1. Remittance statement from the insurance carrier that includes:
   a. Member name
   b. Date(s) of service
   c. Billed information that matches the billed information on the claim submitted to Medicaid

   and

   d. An indication of denial or that the billed amount was applied to the deductible

   Note: Rejections from insurance carriers stating "additional information necessary to process claim" is not acceptable.

2. Letter from the insurance carrier that includes:
   a. Member name
   b. Date(s) of service(s)
   c. Termination or effective date of coverage (if applicable)
   d. Statement of benefits available (if applicable)

   and

   e. The letter must have a signature of the insurance representative or be on the insurance company's letterhead
3. Letter from a provider that states they have contacted the insurance company via telephone. The letter must include the following information:
   a. Member name
   b. Date(s) of service
   c. Name of insurance carrier
   d. Name of and phone number of insurance representative spoken to or a notation indicating a voice automated response system was reached
   e. Termination or effective date of coverage

   and

   f. Statement of benefits available (if applicable)
4. A copy of a prior remittance statement from an insurance company may be considered an acceptable form of documentation if it is:
   a. For the same member

b. For the same or related service being billed on the claim

and

c. The date of service specified on the remittance advice is no more than six months prior to the claim's date of service

Note: If the remittance statement does not provide a date of service, the denial may only be acceptable by Gainwell if the date of the remittance statement is no more than six months from the claim's date of service.

5. Letter from an employer that includes:
   a. Member name
   b. Date of insurance or employee termination or effective date (if applicable)

   and

   c. Employer letterhead or signature of company representative

5.4.3 When there is No Response within 120 Days from the Insurance Carrier

When the other health insurance has not responded to a provider's billing within 120 days from the date of filing a claim, a provider may complete a TPL Lead Form. Write "no response in 120 days" on either the TPL Lead Form or the claim form, attach it to the claim and submit it to Gainwell. Gainwell overrides the other health insurance edits and forwards a copy of the TPL Lead Form to the TPL Unit. A member of the TPL staff contacts the insurance carrier to see why they have not paid their portion of liability.

5.4.4 For Accident and Work-Related Claims

For claims related to an accident or work-related incident, the provider should pursue information relating to the event. If an employer, individual, or an insurance carrier is a liable party but the liability has not been determined, claims may be submitted to Gainwell with an attached letter containing any relevant information, such as, names of attorneys, other involved parties, and/or the member's employer to:

5.6 Prior Authorization Information

Please consider the following regarding Prior Authorization:

- The prior authorization process does NOT verify anything except medical necessity; it does not verify eligibility or age
- The prior authorization letter does not guarantee payment; it only indicates that the service is approved based on medical necessity
- If the individual does not become eligible for Kentucky Medicaid, loses Kentucky Medicaid eligibility, or ages out of the program eligibility, services will not be reimbursed despite having been deemed medically necessary
- Prior Authorization should be requested prior to the provision of services except in cases of:
  - Retro-active member eligibility
  - Retro-active provider number
- Providers should always completely review the Prior Authorization Letter prior to providing services or billing
- Medicaid inpatient claims require prior authorization unless Medicare A or equivalent Medicare C policy Processes the claim.

Access the KYMMIS website to obtain blank Prior Authorization forms:

http://www.kymmis.com/kymmis/Provider%20Relations/PriorAuthorizationForms.aspx

Gainwell Technologies
P.O. Box 2108
Frankfort, KY 40602-2108
Attn: Financial Services

Please keep the following points in mind when filing an adjustment request:

- Attach a copy of the corrected claim and the paid remittance advice page to the adjustment form
  - For a Medicaid/Medicare or Medicare Part C (Medicare Advantage) crossover, attach an Explanation of Medicare Benefits (EOMB) to the claim
- Do not send refunds on claims for which an adjustment has been filed
- Be specific, explain exactly what is to be changed on the claim
- Claims showing paid zero-dollar amounts are considered paid claims by Medicaid; if the paid amount of zero is incorrect, the claim requires an adjustment
- An adjustment is a change to a paid claim; a claim credit simply voids the claim entirely

7 Special Billing Instructions

7.1 DRG

Effective April 1, 2003, DRGs were implemented for inpatient claims. For any related outpatient services that are provided 72 hours before an inpatient admission, the outpatient service revenue codes are then added to the inpatient claim. Field 6 of the claim should reflect the true admission date of the inpatient claim. In the event that an outpatient service is performed and inpatient admission is required within 72 hours and the services are not related, there will be both an outpatient claim and an inpatient claim.

7.1.1 Instructions on Submitting a Multiple Page UB-04

Some billing situations may require multiple page UB-04 billing forms to incorporate all revenue codes. Indicate the **001** revenue code (Total Charge) as the last entry only on the last UB-04 billing form.

Contact Gainwell Provider Relations at 1-800-807-1232 for further assistance.

7.2 Medicaid Payment for Claims

7.2.1 With Non-Covered Days Involving a Third Party

Admissions involving a payment from a third-party payer must be submitted with an itemized or summarized bill attached to the UB-04 billing form for admissions which contain non-covered Medicaid days.

The first 14 covered days of the admission are indicated in Form Locator 6, with the total days of 14 shown in Form Locator 7. The discharge day is indicated in Form Locator 32, by using Occurrence Code 42 and entering the date of discharge. The charges submitted to KY Medicaid for payment would be those charges incurred within the **Statement Covers Period**.

Claims meeting the requirements for KY Medicaid payment are paid in the following manner if a third-party payment is identified on the claim:

- The amount paid by the third party shall be applied to any non-covered days or services and any remaining monies shall reduce KY Medicaid payment
- If the third-party payment exceeds the Medicaid allowed amount, the resulting KY Medicaid payment shall be ZERO
- Members cannot be billed for any difference in covered charges and the KY Medicaid payment amount
    - All providers have the choice of determining if this type of service shall be billed to the Medicaid Program
- If KY Medicaid is billed for the service, the Medicaid guidelines shall be followed
    - Providers shall accept Medicaid payment as payment in full

Detailed below are sample Medicaid payment methodologies for in state and out-of-state inpatient hospital services. These payment formulas can be used to determine the amount due on any inpatient admission greater than fourteen days with third party involvement.

EXAMPLE 1: Pricing example for in-state hospitals using a per diem rate:

Step 1	$ 470.33	Medicaid Per Diem Rate
	X 14	Days Payable
	$6,584.62	Medicaid Maximum Payment
Step 2	$36,592.11	Total charges for 24 day stay (entire stay)
	-25,150.67	Billed charges for covered period
	$11,441.44	TPL Balance
	-11,913.10	Amount received from other source
	-471.66	TPL balance. If this amount is negative, Medicaid payment is reduced. If the amount is positive, Medicaid payment is not reduced.
Step 3	$6,584.62	Amount Payable
	-471.66	TPL Balance
	$6,112.96	Amount due from Medicaid Program

EXAMPLE 2: Pricing example for out-of-state hospitals using percentage of charges:

Step 1	$20,550.00	Billed charges for 14 days covered period
	- 200.00	Non-covered charges
	$20,350.00	Covered charges for days payable
	x 75%	Reimbursement rate
	$15,262.50	Medicaid Maximum payment
Step 2	$36,000.00	Total charges for total stay (20 days)
	-20,550.00	Total charges for covered stay
	$15,450.00	
	-19,000.00	Amount received from other sources
	$-3,550.00	TPL Balance. If this amount is negative, Medicaid payment is reduced. If the amount is positive, Medicaid payment is not reduced.
Step 3	$15,262.50	Medicaid maximum payment
	- 3,550.00	TPL balance
	$11,712.50	Amount due from Medicaid if paid using percentage as rate.

Step 4 The computed payment is compared against the maximum rate for in-state hospitals of comparable bed size using the payment formula for instate hospitals. The final Medicaid payment will be the lower of the two formulas.

NOTE: If there is no third-party involvement, only Step 1 is necessary under either payment formula.

If the claim for a member is payable by a third-party resource which was not pursued by the provider, the claim shall be denied. Along with a third-party insurance company denial explanation, the name and address of the insurance company, name of the policy holder, and policy number are indicated on the remittance statement. The provider shall pursue payment with the third-party resource before billing Medicaid again. Itemized statements shall be stamped **"MEDICAID ASSIGNED"** when they are forwarded to insurance companies, attorneys, members, and so on.

8 Medicare or Medicare Part C (Medicare Advantage) Deductibles, Coinsurance, and Copays

Billing for Medicare Part A deductible or coinsurance days, Medicare Part B deductible or coinsurance and Medicaid services must be on separate claim forms. If the Member was covered by Medicare Part A, Medicare Part B, and Medicaid, three separate claims must be submitted for payment for the three types of benefits.

Medicaid PRO certification is not required on Medicare deductible and coinsurance claims as certification is determined using Medicare guidelines. If all Medicare benefits are exhausted and Medicaid days are being billed to Medicaid, PRO certification for Medicaid days is required.

Should the claim not appear on the KY Medicaid remittance advice 30 days following the Medicare adjudication date, submitting a claim via the KY HealthNet is recommended or you may submit a paper claim. All Medicare denials should be billed on paper, with the Medicare EOMB attached.

- Medicaid inpatient claims require prior authorization unless Medicare A or equivalent Medicare C policy Processes the claim.

8.1 Professional Fees

Effective September 1, 2002, professional fees are billed on a CMS 1500 (02/12) form under the attending physician's individual provider ID for Emergency Room Services provided.

9 Medicare Part B Only

In the case a Medicaid Member has Medicare Part B only for an inpatient hospital stay, follow the billing rules below.

Utilize KYHealthNet Member Eligibility Verification to verify the KY Medicaid Member files show the member with Medicare B only (and no Medicare A).

On the same panel verify what type of coverage the member has with KY Medicaid.

- If the KY Medicaid member is shown in the MEDICARE SAVINGS POLICY with Program Code Z- QMB Only then KY Medicaid is only paying the patients Medicare premium, coinsurance and/or deductible after Medicare. If you are unable to bill Medicare for any reason (or if Medicare denies your claim), KY Medicaid will also deny your claim.

If the KY Medicaid policy is Comprehensive Choices, Optimum Choices, Family Choices, or Global Choices then follow the billing rules shown below.

- Patient has no Medicare A shown on file when KY Medicaid Member eligibility is checked but does have Medicare B.
- For an inpatient claim, bill Medicare B using type of bill 121 with the charges payable by Medicare B. Upon completion of processing, Medicare will cross over that claim to KY Medicaid.
- Once KY Medicaid has paid the type of bill 121, then bill the charges normally covered by Medicare A to KY Medicaid with a type of bill 111. This claim will require Inpatient Prior Authorization, will have no charges billable to Medicare B shown on the claim, and will have only KY Medicaid as the payer.

10 Form Requirements

Forms required for reimbursement of hospital services include, but may not be limited to, the following:

- Certification of Premature Birth (MAP-236)
- Other Hospitalization Form (MAP-383)

and

- Other Services Statement (MAP-397)

Claims and required forms completed incorrectly and submitted to KY Medicaid will result in denial of payment. All forms should be completed according to Medicaid guidelines as outlined in the following instructions. Situations involving crossover claims from Medicare or Medicare Part C (Medicare Advantage) will require the UB-04 billing form, Medicaid required form, and EOMB for processing.

Effective for date of service July 1, 2003, hospitals will no longer require the Certification for Abortion or Miscarriage (MAP 235), the Hysterectomy Consent Form (MAP 251), or the Sterilization Consent Form (MAP 250) for claims processing.

16 Appendix F – Remittance Advice

This section is a step-by-step guide to reading a Kentucky Medicaid Remittance Advice (RA). The following sections describe major categories related to processing/adjudicating claims. To enhance this document's usability, detailed descriptions of the fields on each page are included, reading the data from left to right, top to bottom.

16.1 Examples of Pages in a Remittance Advice

There are several types of pages in a Remittance Advice, including separate page types for each type of claim; however, if a provider does not have activity in that particular category, those pages are not included.

Following are examples of pages which may appear in a Remittance Advice:

FIELD	DESCRIPTION
Returned Claims	This section lists all claims that have been returned to the provider with a Return to Provider (RTP) letter. The RTP letter explains why the claim is being returned. These claims are returned because they are missing information required for processing.
Paid Claims	This section lists all claims paid in the cycle.
Denied Claims	This section lists all claims that denied in the cycle.
Claims In Process	This section lists all claims that have been suspended as of the current cycle. The provider should maintain this page and compare it with future Remittance Advices until all the claims listed have appeared on the PAID CLAIMS page or the DENIED CLAIMS page. Until that time, the provider need not resubmit the claims listed in this section.
Adjusted Claims	This section lists all claims that have been submitted and processed for adjustment or claim credit transactions.
Mass Adjusted Claims	This section lists all claims that have been mass adjusted at the request of the Department for Medicaid Services (DMS).
Financial Transactions	This section lists financial transactions with activity during the week of the payment cycle. **Note:** It is imperative the provider maintains any A/R page with an outstanding balance.
Summary	This section details all categories contained in the Remittance Advice for the current cycle, month to date, and year to date. Explanation of Benefit (EOB) codes listed throughout the Remittance Advice is defined in this section.
EOB Code Descriptions	EOB codes which appear in the RA are defined in this section.

Note: For the purposes of reconciliation of claims payments and claims resubmission of denied claims, it is highly recommended that all remittance advices be kept for at least one year.
